

REMARKS

Claims 1, 7, 9, 10 and 12-14 are pending in this application.

Claim 1 has been amended.

I. Claim Rejections – 35 U.S.C. §112

Claim 1 and 12-14 stand rejected under 35 U.S.C. §112, first paragraph as failing to comply with the enablement requirement.

Claim 1 has been amended to recite that R₁ through R₁₀ are hydrogen.

In the previous Office action (Paper No. 20050616), the examiner admitted that the specification provides enablement “for the compounds of the core as given in Formula 1 with all R₁-R₁₀ to be hydrogen.

Accordingly, the amendment places the present application in condition for allowance.

In view of the above, all claims are submitted to be allowable and this application is believed to be in condition to be passed to issue. Reconsideration of the rejections is requested. Should any questions remain unresolved, the Examiner is requested to telephone Applicant's attorney.

No fee is incurred by this Amendment.

Respectfully submitted,
